

St. Kateri School Bulletin

March 29, 2017

Don't you just love our first signs of Spring? These dainty but hardy multi-colored crocuses burst forth in their beauty of purples, yellows and blues and then our winter blizzard of the past week squelched them! And now, here we are reveling in their beauty and strength to survive as they grace our lawns with one of our first glimpses of Springtime once again.

And so we think about the New Life that Jesus gifted us with after His suffering and death on the Cross. We rejoice and give thanks for His great gift of Love to each of us. Let us continue to walk with Him on the road to Calvary in these coming days and as the hymn says: "no turning back, no turning back."
